

Yashasvi Sorapalli

412-512-6301 | ysorapal@andrew.cmu.edu | www.linkedin.com/in/yashasvi-s

EDUCATION

Carnegie Mellon University

Masters of Science Robotic Systems Development

Selected Coursework Fall 26: Introduction to Deep Learning, Robot Autonomy, Robot Mobility on Air, Land and Sea

Pittsburgh, PA

May 2028

RV College of Engineering (Affiliated with VTU)

Bachelors of Engineering in Computer Science and Engineering

GPA: 9.06/10.00

Bangalore, India

July 2024

SKILLS

Programming Languages: C++, Python, Java, SQL, PyTorch (Fall 2026)

Software: LabView, MatLab, ROS2 (Fall 2026)

PROFESSIONAL EXPERIENCE

Visa Inc.

Software Engineer

Bangalore, India

September 2025 - August 2026

- Onboarded a cross border payment project into the Visa ecosystem, as part of a team of 4, to enable smooth development workflow.
- Created real-time monitoring dashboards on Grafana using metrics from Prometheus and logs on OpenSearch, improving readability of deployed data for easy debugging.
- Communicated clearly with third party teams to clarify key project development concerns and fixed integration issues, reducing total turnaround time.

BT Group

Software Engineering Professional

Bangalore, India

July 2024 - September 2025

- Developed AWS Lambda function to automate PostgreSQL stale data cleanup, improving system performance.
- Led stakeholder engagement efforts, successfully reactivating user interest and adoption of an unused product.
- Ensured uninterrupted operation of an internal analysis tool during a company wide restructuring.

ACADEMIC PROJECTS

Multi-camera Multi-person Tracking using DeepSORT and MySQL

RV College of Engineering

Bangalore, India

September 2022 - August 2023

- Extended the use case of DeepSORT to track targets within a multi camera network, while handling occlusion, as a team of 4, resulting in a published research paper.
- Integrated the enhanced single camera algorithm with a shared MySQL database, to enable communication of track data within the network and thus creating a multi camera tracking system.
- Acted as the main point of contact with the industry sponsors ensuring timely updates and reducing friction.

Published paper: Multi-camera Multi-person Tracking using DeepSORT and MySQL, Vol. 38, No. 2 of IJEECS

LEADERSHIP

Head, Centre for Interdisciplinary Research in Quantum Information Technology, Bangalore, India July 2022 - June 2024

Core Team, National Service Scheme RVCE, Bangalore, India

September 2022 - January 2024

CERTIFICATIONS

Modern Robotics, Course 1: Foundations of Robot Motion, Northwestern University

2025

Modern Robotics, Course 2: Robot Kinematics, Northwestern University

2025

Mathematics for Machine Learning Specialization, Imperial College London

2023

Accelerated Computer Science Fundamentals, University of Illinois, Urbana-Champaign

2023
